

Fall 2018

Dear Potential Sponsors of Cambridge-Isanti BlueJacket Robotics,

The main focus of the First Robotics program is to teach kids in grades 7-12 STEM (Science, Technology, Engineering and Math). This is done in every aspect of the Robotics program, from concepts to execution. The kids learn and implement many skills from each of the four categories. For more information on FIRST robotics and its programs please go to <https://www.firstinspires.org>

As we start the 2018/2019 season, our team is entering its 5th year of competition. We have achieved some amazing things in a short time. The highlight has been making it to the "World Championships" and competing in St. Louis, Missouri, two out of the past four years. Many teams that are even more established have not had the same success in competition. What a great accomplishment! We believe one of the main reasons we have been able to accomplish this is because of the tremendous support from our sponsors and booster club. We would like to thank our past, present, and future sponsors for their generosity.

Some of the items we use our sponsorship money for are:

- Purchasing robot parts to expand our robot's design to be more competitive
- Purchasing special tools and software programs
- Registration costs for the events. (\$5000 per event, not including the cost for championship competitions.)
- Transportation expenses to and from events
- Other travel-related costs to regional and national events
- Continual educational curriculum programs for students in grades 7-12

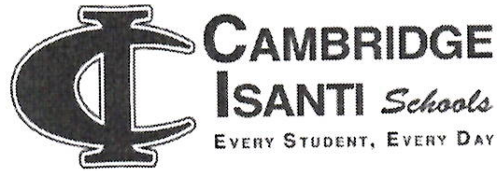

We strive to keep this an affordable activity for the kids. This is done with the generous help of our sponsors. Please consider becoming a sponsor at any level. We need both large and small sponsors.

All of your donations are tax deductible; our booster club is a 501c3 organization. Our EIN number is 81-2750358.

If you have any questions about sponsorship, donations, or about the program, please do not hesitate to contact the booster club.

Dear Applicant:

We're pleased to tell you we determined you're exempt from federal income tax under Internal Revenue Code (IRC) Section 501(c)(3). Donors can deduct contributions they make to you under IRC Section 170. You're also qualified to receive tax deductible bequests, devises, transfers or gifts under Section 2055, 2106, or 2522. This letter could help resolve questions on your exempt status. Please keep it for your records.

Organizations exempt under IRC Section 501(c)(3) are further classified as either public charities or private foundations. We determined you're a public charity under the IRC Section listed at the top of this letter.

If we indicated at the top of this letter that you're required to file Form 990/990-EZ/990-N, our records show you're required to file an annual information return (Form 990 or Form 990-EZ) or electronic notice (Form 990-N, the e-Postcard). If you don't file a required return or notice for three consecutive years, your exempt status will be automatically revoked.

If we indicated at the top of this letter that an addendum applies, the enclosed addendum is an integral part of this letter.

For important information about your responsibilities as a tax-exempt organization, go to www.irs.gov/charities. Enter "4221-PC" in the search bar to view Publication 4221-PC, Compliance Guide for 501(c)(3) Public Charities, which describes your recordkeeping, reporting, and disclosure requirements.
